### **Site Specific Advisory Board Elects Officers for FY 2012**

The Oak Ridge Site Specific Advisory Board (ORSSAB) elected its FY 2012 officers during its September board meeting. Maggie Owen, Ed Juarez, and Chuck Jensen will serve as chair, vice chair, and secretary respectively. ORSSAB is a federally chartered citizens' panel that provides recommendations to the U.S. Department of Energy (DOE) Oak Ridge Environmental Management Program. The new officers will preside over their first meeting October 12 at the DOE Information Center in Oak Ridge.

New FY 2012 officers for the Oak Ridge Site Specific Advisory Board are, from left, Ed Juarez, vice chair; Maggie Owen, chair; and Chuck Jensen, secretary.

Owen, a field radiological engineer for the K-25/K-27 Project at East Tennessee Technology Park, has been a member of the board since 2008. She received her Bachelor of Science degree from Francis Marion University in South Carolina and is certified by the National Registry of Radiation Protection Technologists. She is a member of the East Tennessee Chapter of the Health Physics Society, the Down Syndrome Awareness Group of East Tennessee, and the Oak Ridge Toastmasters Club. Maggie lives in Oak Ridge.

Juarez has also been a member of the board since 2008. He retired from the Fermi 2 nuclear reactor site in Michigan after 15 years

as a trainer, outage management expeditor, and maintenance senior planner. He supervised nuclear simulator training and spent numerous hours in training in a wide variety of nuclear subjects and disciplines. He received his Associate of Science degree in Applied Science, his Bachelor of Arts in Sociology from Madonna University in Michigan, and his Master of Arts in Criminal Justice from the University of Detroit. Ed lives in Loudon.

Jensen joined the ORSSAB in July 2007. He is the owner and manager of Diversified Technologies in Knoxville, which manufactures, designs, and services wastewater treatment systems for nuclear power plants. He founded three technology companies, one of which is listed on the NASDAQ. He developed two patents, has two more pending, and has authored and presented several technical papers regarding waste processing in the commercial nuclear industry. Jensen is a Knoxville resident.

ORSSAB meets the second Wednesday of each month at 6 p.m. at the DOE Information Center in Oak Ridge. Meetings of the board and its committees are open to the public, and notices are posted on the board's web site: [www.oakridge.doe.gov/em/ssab](http://www.oakridge.doe.gov/em/ssab).
